

Urgent update

Red Light Greenlight

(Planning Application **P17/S2469/O** for 74 houses on Land on Main Road)

The SODC Planning meeting has now been **CHANGED** to
Wednesday October 18th at 6pm
at **DIDCOT CIVIC HALL**

Please attend! We need your help

Why should I come?

The more people that turn up at the SODC meeting the better our chance to stop these plans, it's as simple as that. Children are more than welcome.

This is your LAST chance to stop these houses being built.

We will be supplying some posters for people to hold. However, please feel free to make your own homemade and individual posters and banners to get your message across!

The **Park Road development** will also be decided at the same meeting so we're hoping for a really great turnout so that we can support our friends from the **Loyd Road Campaign Group**.

Objections have been submitted from:

187 local residents from the Hagbournes and Didcot
East Hagbourne Parish Council
West Hagbourne Parish Council
Didcot Garden Town Team
Red Light Greenlight Campaign Group
Hagbourne Village Hall Management Committee
Campaign for the Protection of Rural England
Governors of the Primary School

Despite the strength of feeling opposing this scheme from the community, the Officer has decided to recommend that planning permission be granted.

**The elected councillors will decide.
Please be there to show that you care!**
